“El día que el último unicornio fallezca, el suelo y el mar enfermarán y el viento será vapor venenoso. Tan sólo los ruines matarán al unicornio. Ese día llegará y cuando así sea volverá la época en la que el más espantoso de los demonios reinará otra vez sobre la Tierra...

...el HOMBRE”

Dos ositos salen a cazar unicornios, su presa predilecta. Los unicornios tienen una carne suave y una sangre deliciosa con sabor a arándanos que los ositos necesitan para mantenerse bellos.

Two teddy-bears go hunting unicorns, their favourite prey. Unicorns have tender flesh and delicious blueberry-flavoured blood which the bears need to stay cute-looking.

“The day the last unicorn dies, the land and the sea shall fall sick and the wind shall be a poisonous vapour. Only the most contemptible shall kill the unicorn. That day will come and when it does, the Earth shall once again be ruled over by the most hideous of demons...

...MAN”
